

Disposable Self-Sealing Utensil Bags

Made in the U.S.A.

From the dishwasher to table - utensil bags keep clean utensils sanitary and protected until use.

- Helps reduce risk of cross-contamination, and give customers extra peace of mind.
- Made of heat-resistant material that withstands temperatures up to 350°F (higher than most sanitization temperatures).
- Utensils can go straight from the dishwasher and be sealed into the pouch.
- Tamper-evident packaging - once adhesive strip is applied, the bag cannot be reopened without destroying the bag.
- Tear notch makes it easy for the customer to remove the silverware before use.
- 3" x 9.5" bag with tape closure. Custom sizes are available.
