## Sealable Utensil Pouches

**From the dishwasher to table - utensil bags keep clean utensils sealed and protected**

- Made of heat-resistant material, similar to sterilization pouches for the medical community.
- Utensils go straight from the dishwasher to the bag.
- Adhesive strip seals utensils in the bag until the customer removes them.

Description	Item #	Case Pack
3" x 9.5" Disposable Utensil Bag	42781	10-100 count packs

## TV Remote and Cell Phone Covers

**Help reduce the risk of cross contamination between guests. Sealable bags provide sturdy protection to the entire remote.**

- Secure adhesive strip makes it easy to seal the remote in for a snug fit.
- Convenient tear notch for easy bag removal.
- Protects electronics from harsh cleaning chemicals.
- 4" x 9.5" bag fits most standard remotes. Custom sizes are available.

Description	Item #	Case Pack
4" x 9.5" Disposable Remote Cover	42481	10-100 count packs

## Keyboard Covers

**Great for hotels, classrooms, or any place keyboards are shared between multiple users!**

- 9" x 20" size large enough to fit most most common keyboards.
- Adhesive strip creates a snug fit on the keyboard. Tear notch on the bag makes it easy to remove the remote to change the cover.
- Also protects against dirt, dust and spills!

9" x 20" Disposable Keyboard Cover	42681	10-100 count packs

## Tablet Covers

**Keep touch screen tablets clean and protected with sanitary disposable tablet covers.**

- Great for daycares, classrooms, hotels, and hospitals - anywhere tablets are shared among users.
- Protects the tablet screen from dirt, contaminants and cleaning chemicals.
- Tablet stays securely within the bag during use.
